this is as close as it going to get and also now looking for some other real machines for my collection because of this game.. I recommend this for anyone that loves a good pinball machine or if you never even played one.. this Sim is awesome , not only you get a close look at the table and cabinet , you also get to play it like it was in the arcade. this is as close as it going to get and also now looking for some other real machines for my collection because of this game.. this is as close as it going to get and also now looking for some other real machines for my collection because of this game.. enjoy, buy it ! wait its free to try lol As a owner of a original Farafala machine I can say that this sim is right on the money plays and sounds just like the real thing.. This is one of the best Zaccaria tables, at least it i very pretty and colorfullprobably the cutest

---

pinball table ever :)Only detracton is that its sometimes hard to see whats going on in the left corner of the playfield.. enjoy, buy it ! wait its free to try lol This is one of the best Zaccaria tables, at least it i very pretty and colorfullprobably the cutest pinball table ever :)Only detracton is that its sometimes hard to see whats going on in the left corner of the playfield.. Publisher:Magic Pixel Kft Release Date: 16 Jun, 2016English As a owner of a original Farafala machine I can say that this sim is right on the money plays and sounds just like the real thing.. this Sim is awesome , not only you get a close look at the table and cabinet , you also get to play it like it was in the arcade.. Zaccaria is a Italian built machines to top quality and there getting harder and harder to find. 34bbb28f04 [Home Design Software For Mac Love It Or List It](#)
